## Help, Hope & Healing

A gentleman in his 50's was referred to Niagara Life Centre from the brain injury society. He was looking for ways to deal with the stress in his life as well as ways to cope with his short term memory loss. Offering this man a listening ear and helping him to distinguish between the things he has control over and the ones that are beyond his control, he was able to reduce the anxiety and stresses in his life. Very recently, a client turned from seeing no way forward in this life to a fresh perspective and a purpose for living, all because of a phone call from a NLC counsellor. He recognizes God's hand in preserving his life and is now looking for purpose.

**Anxiety and stress come in so many shapes and forms and does not discriminate in age or gender.**
